

## Product Data Sheet – HEAD & FACE PROTECTION – Face Shields

### Face Shields      HFV1 SP229FDDG

<b>Description</b>	Triacetate Visor Fully Dipped SH 7.8
--------------------	--------------------------------------

<b>Physical Properties</b>	Impact resistance, visible light transmission, UV absorption, and chemical resistant against splashes of liquids and liquid sprays. The visor can be lifted up and away from the face without having to remove the shield.
----------------------------	--

<b>Uses</b>	To be used for short periods when working near extreme heat sources e.g. furnace. Protects against impacts from flying particles of medium energy, liquid splashes and liquid sprays.
-------------	---

<b>Standard</b>	Impact resistance
-----------------	-------------------

<b>Precautions</b>	Face shields must never be worn alone. They must always be used with suitable basic eye protection.
