

### Disposable Earplugs HRD2 LL-30

**Description** Laser Lite Corded Earplugs

**Physical Properties** Laser Lite, corded, single-use earplugs are made of self-adjusting foam that expands to fit virtually every wearer. The contoured T-shape allows for easy insertion and fit. Smooth, soil-resistant skin prevents dirt build-up. Vibrant colours make protection visible. Pairs are individually packaged in a polybag.

**Attenuation** NRR32dB

**Standards** ANSI S3.19:1974 standard

**Uses** To be used when noise reduction is required

**Precautions** To ensure maximum protection always use as directed on the packaging
